## ITW EAE German Office moved to Alzenau

Lakeville, Minnesota, August 24, 2021 – ITW EAE has moved its Germany Sales and customer support offices from Dreieich to Alzenau. The new office located at Building 7, Industriestraße 13, 63755 Alzenau, Germany houses the European sales team and offers convenient training programs where our European customers can gain comprehensive knowledge on ITW EAE equipment, specifically MPM Printers and Camalot Dispensers. The facility is fully equipped for applications testing, demonstrations and trainings which offer the perfect balance of classroom and hands-on learning for technicians, operators, and engineers. ITW EAE training is designed to build basic operating and process knowledge as well as service and troubleshooting skills.

Strategically positioned in the heart of Europe, in the geographic center of the European community, Alzenau is approximately 30 minutes (45km) east of Frankfurt International Airport. Frankfurt is the fifth-largest city in Germany, at the center of the larger Frankfurt Rhine-Main Metropolitan Region which has a population of more than five million. Frankfurt International Airport is one of the world's busiest, and Frankfurt Central Station is one of the largest terminal stations in Europe. From this hub, ITW EAE's sales and service professionals are ideally positioned to serve our European customers promptly and effectively.

*ITW EAE, a division of Illinois Tool Works, Inc., is the global leader in process knowledge, services and manufacture of capital equipment used in the printed circuit board assembly and semiconductor industries. The group brings together the world's leading brands of electronics assembly equipment: MPM Printers, Camalot Dispensers, Electrovert Cleaners and Soldering Solutions, Vitronics Soltec Soldering Solutions and Despatch Thermal Processing Technology.
