PAC Global, Inc. to represent Vitronics Soltec Soldering Equipment in OK, AR, TX and LA

Minneapolis, Minnesota, USA, January 2, 2018 – ITW EAE, the Electronic Assembly Equipment division of Illinois Tool Works, announces a new partnership agreement with PAC Global, Inc. to represent and distribute Vitronics Soltec soldering equipment beginning January 1, 2018 for the territory of Oklahoma, Arkansas, Texas and Louisiana. This agreement is an expansion of PAC's representation of ITW EAE's product line which already included MPM printers, Camalot dispensers, and Electrovert soldering and cleaning equipment.

"PAC Global has been an excellent representative for us," said John Fanning, ITW EAE Sales Director. "Our customers appreciate the high level of support they get from PAC so when we were looking to consolidate the Speedline and Vitronics Soltec sales channel we knew that PAC would be an exceptional choice to carry the full line of ITW EAE products."

PAC Global, based in Addison, Texas, was established in 1973 as a manufacturing representative for top-tier manufacturing equipment providers in the electronics industry. With six offices across Southwestern United States and Mexico PAC's highly skilled professional sales associates and technical service engineers utilize superior training and state of the art demo facilities to rise above industry standards. Every sales associate, field service engineer, application engineer, software engineer, and master trainer at PAC is committed to providing unparalleled service. More information on PAC Global can be found at www.pac-global.com.

"PAC's vision is to bring electronic manufacturing into the future with innovation and state of the art technology," said Eric Culbertson, President of PAC. "This is why we are so excited to bring the full-line of Vitronics Soltec soldering solutions to our customers."

Vitronics Soltec is a brand of ITW EAE, a division of Illinois Tools Works, Inc. They specialize in the design and manufacturing of mass soldering equipment for the global circuit board assembly market, and includes Reflow, Wave and Selective Soldering technologies. ITW EAE brings together world-leading brands of electronics assembly equipment including MPM, Camalot, Electrovert, Vitronics Soltec, and Despatch. For more information visit www.itweae.com.
