

**Electrovert AQUASTORM**

AQUASTORM SAFETY INFORMATION & GUIDELINES COURSE

Online Training Course

Course ID: SFT-SP-E-6005

ITW EAE Learning

Our eLearning courses are specifically designed to provide engaging and interactive learning opportunities for operators, technicians, engineers and/or managers to be introduced to or build upon the knowledge and skills needed to successfully operate, maintain, program, or troubleshoot their Vitronics Soltec Centurion reflow oven. Online courses are designed to cover beginning and intermediate competencies and should be mastered before considering more advanced, in person training. Courses require a reliable internet connection and can be viewed at your own pace on your phone, tablet, or pc laptop.

Course Overview:

In this module, you will review safety information and guidelines for operating and maintaining the EVT Aquastorm cleaner. This is a **REQUIRED** course that must be completed as a Prerequisite to take any further Aquastorm courses.

Who Should Take this Course: Anyone who wants to learn more about the Aquastorm cleaner, regardless of whether they have direct interaction with the equipment or not.

Prerequisites: None

Time Requirements: 20 minutes **Assessments:** Quiz **Languages:** English

Learning Objectives:

- Name safety precautions related to maintaining a safe work environment.
- Identify hazard symbols and relate them to hazards associated with operating the Aquastorm cleaner.
- Choose the right PPE when operating a cleaner and when performing daily preventative maintenance.
